Fun, Race, Bet.

The Dar es Salaam Charity Goat Races main aim and objective it to raise funds for charities in Tanzania and to bring the community together for a fun, family day out. At the same time the Goat races hope to create a wider awareness in the community that there are those less fortunate than themselves who need our support.

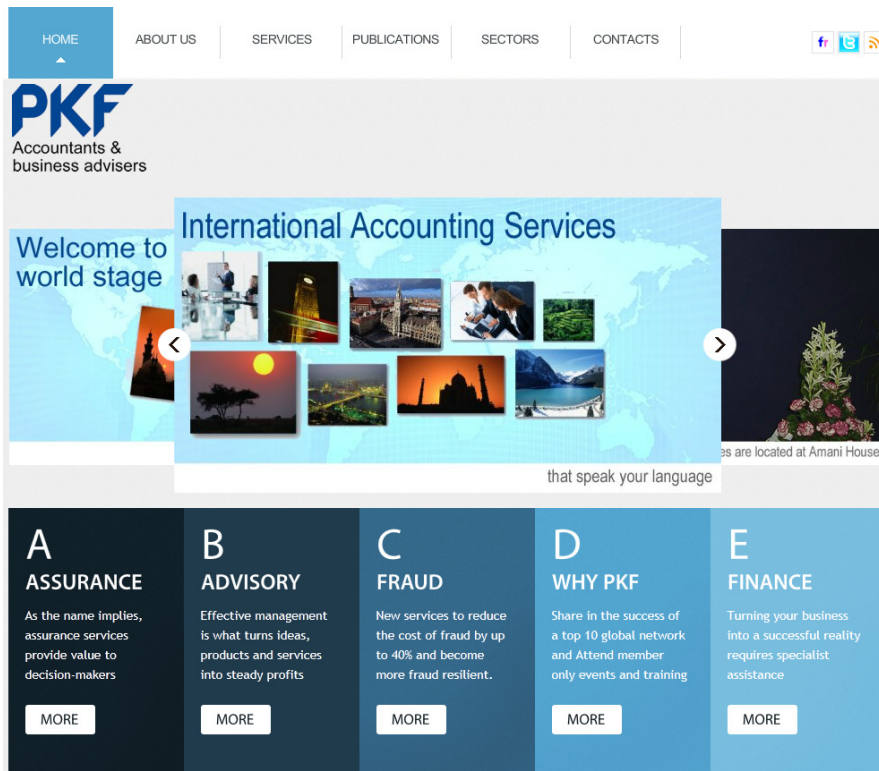

The Goat Races were first introduced to Tanzania in 2001 and over the past 10 years have raised over 437,000,000 million shillings for various charities.

We are very grateful to have the support of so many grand Sponsors and guests without the support from the sponsor and the fantastic communities of Tanzania.
